C. S. PINGLE MAKING WINNING CAMPAIGN HERE

LIBERALS HOLD ENTHUSIASTIC MEETINGS IN NORTH

Rousing Speeches By Candidate Pingle, and H. W. Johnson to Electors at The Gatherings. Big Crowds Present. Pingle Amazed at Development of the Country. Liberal Victory Seems Certain.

The Liberal candidate fired the first gun in the campaign last week by a four days trip through the north country, addressing meetings at the different school houses in the district. The rallies were well attended by the voters who were anxious to hear the issues of the campaign discussed. Accompanying Mr. Pingle were C. H. Wagner, J. E., who acted as chairman of the meetings. E. Biellein, a popular farmer of the north country and Harry Johnson of Carlstadt. The party left Carlstadt Monday morning.

At Blue Grass

ing for Blue Grass where they were entertained by John Lahd. From Mr. Lahd's party drove to Blue Grass school house, where they were greeted by a large audience of electors from the surrounding district. Mr. Johnson made the opening address. He spoke of the importance of the election as the issues of the election were mostly issues dealing directly or indirectly with the farmers of the province. Therefore it was necessary, as the farmers of the Province hold the controlling or deciding vote, that they should vote for the best party and men to represent them. He

The Farmers' Party

showed that the Liberal party was the Farmers own party. Assoinched as they were ~~were~~ ~~are~~ in hand in hand with the United Farmers. They were making laws to do the greatest good for the greatest number. He proved the Liberal party worked for the farmer's interest by passing the Farm and machinery bill, the co-operative elevator bill, the Threshers Lein Act, etc. These bills were drafted by the U. F. A., to establish legislation to free the farmers of the Province from the burdens and oppressions imposed on them by the Machinery Trust and Elevator Trust, and were made law word for word, clause for clause, as the Farmers wanted them. (Applause.) Continuing Mr. Johnson said that the Conservative party is a trust owned party, they are using these bills drafted by the farmers as campaign issues and are trying to make the farmers vote against their own bills. He showed absurd it was to expect to get the farmer's vote on these issues, inasmuch as if the United Farmers, numbering 18,000 in Alberta, did know how to make bills benefiting the conservative party could show them. (Cheers.) Mr. Johnson spoke of the convention at Redcliff, describing in detail the proceedings and the enthusiasm displayed by delegates in the unanimous nomination of Mr. Pingle, and finished up by saying, "Believing we have the right man, and the right party, there is every reason to believe that the Farmers will give the Liberal candidate a big victory in the coming election."

After the applause had subsided Mr. Wagner praised Mr. Pingle, touching on his clean record as a business man, his devotion to his home, and said he believed Mr. Pingle, if elected, would work for the farmer's interest in an honest, straightforward, and conscientious manner.

Mr. Pingle's Address

Mr. Pingle opened his address by

thanking the farmers for the large attendance. It showed that the farmers were interested in the issues of the campaign therefore, as they had come to hear politics would not waste any time in pretty speeches but would dig right into the subject and the more he dug, the bigger the hole made in Conservative votes.

Conservatives Have No Policy

He said the opposition [Conservative party] were a party without a policy. That during the seven years of successful Liberal government outside of several minor bills, Conservatives had not introduced one important piece of legislation but had in most cases voted for the bills introduced by the Liberals they were satisfied with the Liberal policies. The Conservative party has outlined a policy of fault finding and weak criticism of the government. But they do not bring up any new issues, neither do they offer to amend any of the past legislation, or state what they would do if they had the chance.

The Machine Act

5

Taking the Farm and Machinery act for instance, the opposition did not stand up when the bill was before the house and denounce the bill, they didn't dare because it's a good bill for the farmers. Neither did they offer to make any amendment, if they had any objections to it. And when the bill came up for a vote they all voted for it. After the bill was law, and election was coming on, the conservative party, working hand in hand with the farm machine trust, are pulling the bill to pieces and by threats and schemes are trying to stampede the vote of the farmer on the election. Mr. Pingle then took the machine bill up clause by clause explaining what each clause meant and why the farmers should return the Liberals to power so as to prevent the trust owned opposition from depriving the farmers of their rights.

Elevator Bill Will Benefit.

Mr. Pingle then spoke of the Co-operative Elevator bill, what it meant to the farmer. The bill provides a chance for the farmers to build and operate their own elevators. It is a direct blow at the elevator trust which has been robbing the farmers of 5 cents per bushel on oats, 8 cents per bushel on wheat, 10 cents per bushel on flax. Under this legislation the farmers furnish 15 per cent of all money necessary to build an elevator the government furnish 85 per cent of money required. The farmers do not have to pay any of the principal for two years which gives them a chance to get the elevator on a sound paying basis, and the payments are extended over a long term of years. It is a good bill and the government should be given some credit for making it law, although the bill was drafted by the United Farmers of Alberta. Mr. Pingle then spoke of the compensation act, the threshers lein, the Referendum and Recall; and several other bills, stating that the government have passed good legislation and should be returned. In closing Mr. Pingle said that if elected he would see that the wants of the

farmer would not be ignored, and the public debt of the province.

Public Debt

The opposition by misleading information would have you believe the province was going to rack and ruin, but its only the desire to scare the timid and not substantiated by facts. But let us get to figures, the provincial debt is, in round figures, \$14,000,000 of which over \$6,000,000 is telephones, \$5,000,000, Parliament buildings, court houses, jails, asylums, etc. \$1,500,000 in large steel bridges, \$1,500,000 in trunk roads and smaller bridges. The telephone system paid a profit of close to \$500,000 last year, and would show that instead of the money being a debt it is an investment paying a good profit. The money in buildings do

not pay a profit but nevertheless is necessary. The money spent in roads and bridges was necessary to keep up with the fast growing Province. The money borrowed is extended over a period of from 20 to 35 years and why shouldn't we make these improvements now and have the use of them in 20 years or so from now help pay for them. I call it good legislation and claim that we should borrow more money and make further improvements. The annual revenue of the province is over \$4,000,000, so you can easily see that the government is not in such a bad way as the opposition would have you believe.

Mr. Pingle spoke for about an hour. The audience, rather cold at first, gradually warmed up as the statement of facts were presented, and Mr. Pingle took his seat at the conclusion of his speech and received the hearty applause of his hearers, and won over many votes for the Liberal party.

The next address was made at Mr. Kincaid's. Through a misunderstanding in date there was not such a large assembly, not over 30 being present, but the meeting was a success, as at the conclusion of his address, every one present pledged Mr. Pingle's support.

The party was then driven by C. E. Cole's team to Peerless, where Mr. Pingle met the voters and discussed the issues in a general way. Mr. Pingle's personality, his frank and open manner in meeting the voters won him many friends.

At Peerless

From Peerless the party went to Okotoks, where another successful meeting was held. The audience was further brightened by the presence of several ladies.

At River Bend school house Mr. Pingle won a number of votes for his candidacy. Before the meeting a rather impromptu meeting was held outside the school house by some who would be conservative. But, as the poets would say, "You find that kind most anywhere." Mr. Pingle spoke chiefly on the railway question, showing how the government had forced the C.P.R. to build by opening up the country to other roads, also showing how, under the Sifton Government, the mileage in Alberta had been increased over 2,000 miles a wonderful advance and proved good legislation. Mr. Johnson also threw a bomb into the conservative cause, when he denied the story reported by certain conservative and traced it from start to finish. The sooner the opposition in this riding realize that such stories will be tolerated by the voters the better. Mr. Pingle is out to fight a clean fight without dealing in any personalities only wanting to win on the merits of the Policies advanced, and was somewhat surprised at the under hand methods used by our conservative opponents. Mr. Turner also made an address. We have every reason to believe he is a good Liberal if reports be true. Mr. Pingle left the meeting with the good wishes of most of the voters.

One Conservative Present

At the Rainy Hills school house was a large meeting, there were 60 Liberals and 1 Conservative. Mr. Pingle's address was chiefly on the economical way the government has handled the money of the province, and said that when the opposition was looking for something wrong

with the government, reminded him of the negro who went in a dark cellar with extinguished candle to look for a black cat that wasn't there. Mr. Johnson also made a spirited address which was interrupted time and again with rounds of applause, and closed his speech with a joke on the Conservative party that took the house by storm. Mr. Wagner also made an address which was well received and at the conclusion of his speech, asked if there were any questions the audience would like to ask regarding the issues of the campaign. Mr. Berg asked a very important question that the audience laughed at him so much he was forced to sit down.

Will Assist Municipalities

The last meeting was held at the Viking school house before an attentive number of voters. Mr. Pingle took up the question of the nomination of the Conservative candidate showing that if the Conservative party could have got a man at Medicine Hat to accept the nomination, they would have shamed him on the ticket and the farmers who planned it to run Mr. Jerow would have had nothing to say about it. In conclusion Mr. Pingle said the Sifton Government if elected, will spend \$1,400,000 each year for 5 years on roads and small bridges. And if he is elected he will let his fair share of the opportunities and will work in connection with rural municipalities of this riding to see us get better roads. We the press believe it an honest statement of an honest man. True for Pingle. His campaign is clean.

WHAT ABOUT IT?

We would like to know how it is that a government official homestead inspector who gets \$7.50 per day from the government [our money] for the purpose of inspecting homesteads, can go out and spend all his time electioneering for the conservative party in this riding. It's a disgrace to any party to allow this imposition on the farmers. One of the first things Mr. Pingle has promised will be to see that a homestead inspector is appointed—one who will attend to his duties as an inspector and not de trade the office.

Give the homestead inspector the hook!

Conservatives Hold Meetings

In North

An auto party has been addressing meetings at different school houses. Most of the meetings have not been very well attended, but at some a fair number of voters were present. The arguments advanced by the different speakers failed to arouse any feeling of enthusiasm.

COMPARE

Compare the election methods of the two parties. The Conservative outfit consists of the HOMESTEAD INSPECTOR [who should be inspecting homesteads] as the leading orator. Dr. Steele of Sifton is another speaker, also another prominent man, and—oh yes, I nearly forgot the conservative candidate is with them also.

On the other hand Mr. Pingle has been doing his own speaking, outlining his Party's policies in a truthful, straight-forward manner, and that is what counts on Election day.

COMMENT

This week you will see we are in the hands of the politicians. We are attempting to be fair in this fight, and will be frank and state that our sympathies have always been Liberal, and at this stage we see no reason why we should change. In fact we are inclined to be more strongly Liberal than ever. We placed our advertising space at the disposal of both of the contesting parties, at regular advertising rates. Mr. Pingle and his committee were quick to grasp the opportunity of laying the issues of the day before the people of Redcliff constituency through our medium.

As the Conservative party ignored us completely, we beg our readers and supporters to accuse us of no unfairness, and when the bitterness of the campaign has died down, let all the harmony which so happily reigned between this journal and its readers continue. We have a big boosting programme ahead for Carlstadt and the north country and also the big fertile south. In a boosting contest we are not grits or torries but friends in a common cause.

The coming to town of the Tubular Well Drilling Co. of Bismarck, N. D. is noteworthy. The industry is small but with the big territory supplied by Carlstadt and vicinity, should see the industry expand. In the fall the firm will install up-to-date machinery to build well drilling machines and they will bore for gas. Watch Carlstadt grow.

Y. W. C. T. U.

The April meeting of the Y.W.C.T.U. met at the home of Mrs. Armstrong with 18 members and 2 visitors present. The subject of the hour was Anti-Narcotics. Three papers were read, "Tea and Coffee" by Clara Leckie, "Opium" by Mrs. Beard, "Tobacco and Alcohols" by Mrs. Sara Gish.

The "Y" girls quartette was enthusiastically received, this being its first appearance. A Parliamentary drill was conducted by the President, which was instructive as well as amusing.

At the close of the program the hostess served dairy refreshments which were much appreciated, especially by those from out of town. The May meeting will be held at the Gibson home west of town. Subject: Physical Culture.—Grace Boyd secy.

Frank Shields is the proud father of a daughter, born Monday April 7th. Mother and daughter doing well.

Locating Here

Francis Jaszkowiak head of a Tubular Well Supply Co., at Bismarck, N. D. was in Carlstadt last Monday and was shown about town by a member of the News staff. To the News the gentleman who has splendid financial backing, stated his intentions of opening up with a plant in Carlstadt at once, that will employ several men the year round. Warehouses and residences will be put up in the course of the next few days. For the next few months contract well work will be undertaken in the north and south country, and in the fall it is the intention to erect a factory building and go into manufacturing well machinery, and they will bore for gas. The industry has been conducted for many years by Mr. Jaszkowiak and his son at Bismarck, N. D., and he was very favorably impressed with the prospects of success in Carlstadt.

W. G. Wengel of Bismarck, will be manager of the local concern and he with several workmen are expected in the course of a few days.

C. P. Lloyd a young and promising lawyer of Calgary, looked over the situation here last week and decided that Carlstadt presented a good opportunity for a lawyer, and he will open offices very shortly. In this territory Mr. Lloyd would get a large practice. His parents reside only a few miles from town. There is a possibility that he will purchase the Jean and insurance business at present conducted by Messrs. England & England.

Mr. and Mrs. J. P. Dibble, of Fremont, Nebraska, arrived in Carlstadt. They will settle on the Quass farm a few miles out.

It is stated here that the G.T.P. will take over the charter of the Alta, and Great Waterfalls railway. Premier Sifton will, it is understood make this announcement in a day or two. The G.T.P. will re-imburse the Alberta government for all legal expenses, interest and other charges incurred in connection with the proposed road and will construct it themselves.—Calgary Herald.

For Sale—Good tent 12x16. Reasonable offer accepted, only 10 gallon churn in good condition. Apply Walter Ball, Carlstadt.

Charlie Taylor of the Hat spent Wednesday in town.

Mrs. Martin Stubbs and baby daughter returned home from the Hat last Sunday.

N. E. Stuart has erected a large barn at the rear of his residence, Suffield avenue.

A. D. Thompson has commenced operations on a fine new residence on Bowell avenue.

KING MUNICIPALITY

The council of the municipality met April 1st, all members being present.

A communication from the Deputy Minister was read, stating that it would be necessary for the Council to pass a stock by-law in addition to the Pound Law. It was decided to lay the stock by-law until the next meeting.

A by-law to carry out and enforce the provisions of the Nioxon Weeds Act passed the first, second and third readings and was passed.

Stock inspectors will be paid \$5 per day for the time not exceeding 3 days in any one year necessarily occupied in making a general inspection of the township to which he has been appointed, and at the same rate when necessarily engaged in the performance of his duty when notified by any resident of the municipality.

The following persons were appointed Stock Inspectors:

For term 16-8, O. L. Nunes.

For 17-8, F. E. Ballard.

For 18-8, Geo. Potter.

For 19-9, J. M. Foughty.

For 17-9, Ross Bean.

For 18-9, Wm. Stevenson.

For 16-10, J. L. Svenson.

The Council will meet again on May 30th.—J. C. Anderson, sec.

RIVER BEND SCHOOL

Following is the honor roll of the River Bend school for the month of March:

Grade VII—William Websdale, Blanche Garrison.

VI—William Christie, Jim Turner, Russell Fisher.

Grade V—Florence Garrison, Naomi Websdale, Gertie Christie.

Grade IV—Durand Websdale, William Peterson.

Grade III—Frank O'Connor, Harold Garrison, Raymond Klinek, Clifford Garrison, Almeta Ferrel, Olaf Gjane.

Grade II—Norman Christie, John Websdale, Ralph Liddle, Thomas Liddle, Henry Peterson, May O'Connor, Carl Liddle.

Grade I—Arthur Kay, Edgar Peterson, Loren Garrison, Anna Bell Liddle, Sigward Engle, Letha Asby, Glen Gjane.

Percentage of attendance for the month, 91.

H. O. Klinek, Teacher.

POLONA PONDERINGS

Polona school opened on April 1st

with 14 children in attendance. Miss May E. Dart of Barons' being the teacher.

Billie Taylor formerly of Polona,

but who is now working at the Gordon ranch, made a few short calls around Polona last week, while out looking up stray horses. Brooks Heatherington who has made his home with C. A. Wallace for the part of the winter, and later went to Redcliff to work is back again in Polona.

Brooks Heatherington who has made his home with C. A. Wallace for the part of the winter, and later went to Redcliff to work is back again in Polona.

Jack Liddle was a Sunday guest

at the home of E. H. Foxton.

Clyde Arnold purchased a fine little horse from Winfield Foxton on Friday last.

Mrs. C. L. Furey and Miss Dart were calling on Mrs. Jenine Zimmerman on Sunday last.

Mr. and Mrs. J. B. Gray returned to their home Saturday after spending the winter with relatives in Iowa and Missouri.

Several of the Polona young people attended the dance at Ayers given on Friday night, seemingly everybody had a fine time.

Jack Hill purchased a fine team of horses from W. A. Foxton one day last week.

The political meeting which was held at Polona school Friday night was quite well attended.

WEBSDALE WARBLINGS

The grading contractor has established two large camps, one on Hausen's land, another on Maxie's land, and are getting ready to commence work at once. They have several grading machines and dump wagons, and a good bunch of mules and horses. They are hauling supplies and equipment from Tilley. This makes three camps here and they are pleasant to see, after having waited so long for indications of the railroad.

At the present time of writing a large prairie fire is burning across the Red Deer close to the river.

W. W. Pingle, C. Pingle and H. Wagner addressed a well-attended meeting in interests of Mr. Pingle, Liberal candidate on April 2nd, in the school house. This was followed by a meeting addressed by Mr. Jerow, Dr. Steele and R. Switzer with the interests of the Conservative party.

Some of our farmers are digging and one has already seeded wheat.

Miss McKinnon of Brooks is spending her vacation visiting Mrs. Geo. Finlay.

D. F. Ferrel arrived home last week from his work at Brant, Alta.

Mrs. Syverson of Tioga, N.D., visited her mother Mrs. P. P. Hansen for a week, and has returned to Dakota to settle her estate there.

Misses Ayers gave a well attended dance an April 4th, which was enjoyed by all present.

Matt Haugen is on a business trip to Medicine Hat.

Last Week's Letter

The annual meeting of River Bend U. P. A. was held in the school house on Tuesday evening March 27th, with a fair attendance of members present. Some important business was transacted and business on last morning was disposed of. One or two good resolutions were passed, and it is hoped that at the next meeting April 14th more business will be done. The second and third Monday of each month is regular meeting night and a good attendance is requested to ensure an interesting evening.

An engineer's camp known as No. 4, has been established at G. F. Shaffer's. Nine surveyors form the camp and it is said they will work ten days a week on graders.

Mrs. Klinek son of Chechewan is visiting his son Wm. Klinek.

G. Gilbert brought his wife and family from England; they arriving here March 27th. Mr. and Mrs. Gilbert have sold their farm there.

A surprise party was given on Mr. and Mrs. Price at the Shafer Ranch on Good Friday night.

Evening present report having a good time learning home early in the morning.

H. H. Christie, W. Klinek, W. H. Millard and G. E. Shafer made trips to town this week.

SPEED IN BASEBALL.

What an Infalible Double Play Means in Time and Action.

In an article on baseball in Every boy's Magazine the writer shows how the double play is made and in making some of the plays. He says:

Making first base, though more dramatic to watch, is much easier and requires less skill than the double play. It takes a fast man to negotiate the journey in 3.35 seconds. No throw goes over 300 feet and a ball of a single throw must be relayed by the fielders. While you are watching the conflict, wait for the ball to hit the ground, it is being swiftly formed in the Intel.

There could be no such quick and accurate action of deep field as this if the outfielder did not know that behind him was range his line of relays ready to take the ball the instant he could turn and run. The double play is a natural action of the fielders. The double play is the means over threatening the runner on first.

To make a double play in the infield the shortstop, for example, must field a ball that has been batted about 130 feet. He passes the ball front to front to the second base, and the second baseman, who must then throw it thirty feet to first. All this while the batter is running past the fielder, and a ball that is as far away as it can be from the fielder is at the corner of the diamond. The double play is the means over threatening the runner on first.

The political meeting which was held at Polona school Friday night was quite well attended.

It is possible that the Canadian Northern Railway and the Grand Trunk Pacific will some day be Coming to Carlstadt!

Get Your Canadian Home From The Canadian Pacific

Wonderfully fertile land is offered for sale by the Canadian Pacific Railway Company at prices ranging from \$11 to \$30 per acre. There is no better agricultural land than this virgin Canadian soil. It is unsurpassed for all forms of agriculture, including grain growing, stock raising, dairy, poultry culture, vegetable growing, and general mixed farming! The lands are convenient to railways and markets, and are located in a land of low taxation and delightful climate.

TWENTY YEARS TO PAY

Under the Company's new policy, one acre is sold to speculators, but only to those who will occupy and improve it. The terms of sale are now on-twenty years cash and the balance spread over twenty years, with interest at six per cent per annum.

ASSISTANCE TO FARMERS

Under certain conditions the Company will advance a loan of \$2000 to new settlers to be used in erecting a house and barn, fencing the land, and sinking a well. This loan is repayable on the same terms as the purchase price.

POLITICAL ADVERTISING

HA HA HA!
Some one has been so un-kind as to say that Mr. Gerow should call himself the Liberal-Conservative-Socialist-Populist-Republican candidate, then he might get all the votes! Ha ha, ha!

WARNING!
To the electors of Carlstadt and vicinity: Be it known that the Conservative candidate has the audacity to call himself the Liberal-Conservative candidate and expects to fool the farmers into voting for him on the grounds that he represents both parties. Now, there is only one Liberal candidate in this district. His name is C. S. Pingle, all others calling themselves the Liberal candidate are imposters. It isn't a bad idea for Mr. Jerow to assume both names, but he can't expect to bamboozle the intelligent farmers of this district into voting for him on such claims.

When a public official neglects his duties, he should be kicked out. Vote for Pingle, he's got big feet!

SLUSH FUND
It is reported on reliable information that the Conservative party have sent in to the province of Alberta \$100,000 to buy up the electors. Our opinion is that a man who accepts any of this money is as debased as the party using the coin.

Vote for Pingle, the Liberal Farmers' Candidate.

The Liberal party has a policy. The Conservatives have no platform.

BENNET
And His Elevators

R. B. Bennett, champion of Toryism, chief of the Conservative campaign speakers in Alberta; the man who helped form the cement merger, the ex corporation lawyer for the C.P.R. and the prime mover and chief benefactor in an elevator merger that is growing rich at the expense of the farmers of Alberta, is attacking the Sifton administration and the legislation passed by that administration.

Bennett is the champion of narrow markets. He is a bitter opponent of any measure that would give the farmers wider markets. He knows that a victory for Premier Sifton now would mean a victory for wider markets, and that would mean that the farmers of Alberta would get wider markets and a revision of the tariff downwards much sooner than if the Sifton administration was defeated.

That is why Bennett is here. That is why hordes of Bob Rogers workers, many of them of questionable character are swarming over the province, cajoling, threatening, and attempting to win this election by bribery and corruption.

ESTRAY

POLITICAL ADVERTISING

The Torch of Progress

Each climate needs what other climates produce, And offers something to the general use.

Nowhere in the world does the farming industry lean more on the politician than in Canada, and nowhere has protection become a greater menace to good government or a greater burden to the farmer. Here we have a protective tariff framed at the dictation of the protected interests, and with trusts and combines firmly entrenched, competition is at a discount. It is the old story, but ever a true one. The PRIVILEGED CLASS wishes to pluck the feathers from the goose with as little squaking as possible.

Do you want to keep on paying \$160 for a \$558 Engine Gang plow?

Do you still wish to pay \$110 for an \$80 seed drill?

Are you still agreeable to accept 45 cents for 75 cents worth of barley?

Isn't it better to get \$1 for a bushel of wheat than 90 cents?
